Cracking The Ice

Synopsis

Delves into the perilous world of a black teen hockey phenom in 1968, during the highly charged Civil Rights era. Jessie leaves home for New Hampshire, despite misgivings of his parents and girlfriend Rose, to pursue his dreams at an elite, formerly all-white prep school, which he hopes will put him on the path to the Ivy League and NHL. He is realistic about encountering racist fans and opponents at his new school, but finds that he's in the most danger from his own teammates and coach, who clearly despises him based only on the color of his skin. Full of exciting on-ice action and heart-wrenching realism, *Cracking the Ice* will have readers rooting for Jessie as he fights for what any standout student and athlete deserves.

In turbulent 1968, Jessie Stackhouse, an African American freshman, is offered a scholarship to play hockey for Springvale Academy, an exclusive New Hampshire prep school. Jessie views admission to Springvale as his ticket to the Ivy League. Upon arrival, though, he encounters virulent racism, as he is beaten by a gang of town thugs and faces a terrifying fake lynching administered by his teammates. Jessie's hockey coach is behind many of these cruelties, and despite the efforts of the headmaster, Jessie finds himself pushed nearly to the limit. Once the hockey season starts, Jessie's talent makes him indispensable to the team, but when the board fires the headmaster, all seems lost. At the end, though, a reporter turns up to write an exposé on the prep school's racism, and Jessie knows that justice will prevail. Hendrickson's debut novel paints a gripping account of a courageous young man rising above evil. The

well-described hockey action is secondary to the undiluted portrait of racism. Grades 8-11. --Todd Morning

Jessie Stackhouse is a black teen and hockey phenom recruited to a prestigious prep school during the height of the civil rights movement. From the moment Jessie arrives at Springvale Academy, he's accosted with seething hatred from his classmates, teammates, hockey coach and doesn't get me started on the racist locals. Riveted, I kept wondering how he was going to make this impossible and very often lonely situation work. Thank goodness for Stick, Jessie's quick-witted roommate and friend and Frenchie, the one teammate who stands up for Jessie. My heart ached so badly every time Jessie was brutalized and taunted that I wanted him to quit, go home and just be safe. But this smart, amazing young man perseveres against unsurmountable odds and head held high, proves himself a winner--a survivor. I cheered because no one deserved it more! When the final buzzer

sounds, Dave Hendrickson's Cracking the Ice will have you shouting GOOOAAAALLL!

Absolutely loved this book! Any age will enjoy it and the younger generations will learn and hopefully do not repeat the mistakes we older generations did. Bullying and discrimination needs to stop! David also loved the local flavor of Lynn, Ma where I grew up. I am telling my friends that this should be a mandatory read for their students. Great job'

Since the plot and characters have already been described very well by another review I will keep this simple. Historical fiction. I HIGHLY recommend this book. The subject matter which is realistic, provides a great read for guy OR girl teen and above. I am an adult and couldn't wait to pick it up again to see what would happen next. If you want to keep your teens interested in reading (perhaps a good summertime book), buy this for them and then treat yourself to a read.

This is a great read. It doesn't take long before you're sucked in and can't put the book down. I'm so glad I picked it up to read, and I can't wait for his next book.

'Cracking the Ice' is very well written and entertaining----My wife and I read it in one day. It would make a great movie. We have recommended this book to all of our friends with children and grandchildren in the hockey schools here in the Northeast.

Yet another story about how hard it is to be black in this big bad world. Sad story about a guy who tried to do things against his families will and support.
