Customer Reviews

Do you like dragons? Are you afraid of dragons? Sammy the little red bird was resting on the grass one day, and he was looking at the sky. The clouds were big, white and fluffy. He thought each cloud looked like an animal until all of a sudden he found one cloud looked like a dragon. And, then he went on to dream about his fun times with the dragon. He could take the dragon on trips, they could play, and they could have lots of fun. When you read this book, you will discover all the fun Sammy and the dragon could have. Adults will enjoy reading this book to their children. The children

will think this is fun and exciting and discuss what they would do if they had a dragon as a playmate. The illustrations are bright, vivid and colorful. They depict all the adventures of Sammy and the dragon, and the surprise ending. Recommended. prisrob 05-19-17

What an adventure Sammy had at trying to find his pet dinosaur when he had forgotten to close the gate to his yard even. Also such vibrant colors were used and nixed font that would be easy for anyone to read. Thus, because of all the items and cool story I want to recommend this for five stars and for those ages 0-8. I received this for free using KU, in return, here is my honest review. Super work V. By Angela
