Customer Reviews

A girlfriend of mine told me about this book, so I bought it. So glad I did! It's an easy read and it has great information in it. One thing the author talks about is how Spanx effects your body, especially where cellulite is concerned. I had no idea! That's not all that surprised me but it was a big one.

This book takes a lighthearted practical approach to the problem of Cellulite. Most of the tips really

are inexpensive and easy to do. I am definitely planning on adding several to my daily routine.

I liked the tone, like she knows we are all different, so choose what works best for you. It was to the point and without lengthy speeches.

Not a lengthy book to wade through, but full of ideas that may just be the ticket to getting rid of your cellulite!! I am eager to find the magic trick that will help me... and I'm confident it will be one of these tips!
