If you love "You are a Badass" then you'll love Unleash Your Inner Money Babe! I have been learning about manifestation from Kathrin for over a year now and have manifested money, trips, and love. When she released this book I was beyond excited to really start manifesting wealth. This step by step process is rough, you have to dig deeper and be honest with yourself in ways you really wouldn't want to but the personal growth is well worth it! I manifested \$2,500 and it came through! Give it a shot you won't be disappointed.

I've been a student of the Law of Attraction and manifesting since 1999 (and have even taught others on this subject) but I still love to read other people's take on the subject. Not sure how I stumbled on the Manifestation Babes Facebook page, but I was there when the challenge started. Kathrin is so vibrant and magnetic that I was captured. I ordered the ebook version and did the 21 day challenge. The book is well written. It was a great refresher for me and I even learned a thing or two. Oh and I surpassed manifesting \$1,000 within the first couple of days.

I cannot express the level of appreciation I have for Unleash Your Inner Money Babe and Kathrin Zenkina. It is a gorgeous book written in a very easy to follow manner. Kathrin walks you step by step through the process with clear, actionable exercises. Only on day 2 of the book and I have already cleared so much crap that I needed to release and didn't know it. I'm excited to see all the wonderful surprises this beautiful book has in store for the remaining days and beyond. There have been so many times in the Facebook group and in the book where I'll be thinking about something and BAM Kathrin brings it up in a coffee chat or makes a post about it. She is such a beautiful light and an inspirational teacher and mentor. Thank you for all you do. You are a blessing.

Alright y'all. Pay attention. This book will change your life. So I first ran into Kathrin's work about 3 weeks ago (yes only 3 weeks), and my money/life mindset is completely different. I mean this. I first read her e-book "Become a Client Magnet" and it seriously changed my beliefs about myself, my business and money. I literally wrote 34 pages in my journal about all the amazing concepts I was learning, and was able to heal my limiting beliefs that were given to me from an early age. I upped my rated A LOT because I know that what I'm offering is worth it, and that "there is a client at every price point." :) In the process of manifesting money while reading that book, I was called about a new gig opportunity in Bora Bora (I'm a health coach by day and singer by night). It was up in there but I thought about Bora Bora as if I was already there and guess what...it happened. And I'm writing this review currently looking at a clear ocean. :) Not only did I get here for free, I'm being

quadruple my gig rate to sing for someone's birthday party. Ok now back to this book LOL...once I finished the e book I knew I HAD to get Unleash Your Inner Money Babe. I'm on Day 6 and I know 100% that my \$1000 bucks is coming, if not more. I believe in myself and my business and that the right clients are going to be attracted to me. More than the money, Kathrin gives you the self-esteem and belief system to stop playing small in your business and own your worth. Thank you so much KZ for your work. About to go snag your VIP membership... : D

I've discovered Kathrin a while ago via Instagram and it immediately 'clicked'. Kathrin is a honest and positive soul who truly wants the best for everyone. And when she has announced the release of this book, I haven't hesitated to buy it because I know she wouldn't share something that doesn't work, something she doubts about and that she wouldn't have experienced first. This book is inspiring and notably helps us realize that we are already wealthy and that money flows into our life daily in expected and unexpected ways. Many people have manifested their goals quickly and I have myself manifested some money already. If you apply her advices and trust the process, there's no doubt you'll have results.

I'm so serious. I manifested \$1,000 before the third day even ended. Of course, I didn't stop there. I'm still working on my manifesting and working on adjusting my goals to raise them even higher. I was skeptical at first, but I do trust that the Universe provides and I was totally surprised when I had an extra \$1,000 in my bank account. Kathrin also shows you such invaluable skills that you can use in any area of your life or just for everyday life. I'm currently on day 8 and I'm excited to see what else appears in my life. I've been a happier person since reading this book and I'm a believer in the law of attraction, intentions, and manifestation now. One of the biggest lessons that she and the Universe taught me, though, is that the HOW and the WHEN are not my business. Even the WHO isn't my business. My business of manifestation is the WHAT and the WHY. Once you set those intentions and follow Kathrin's steps, you will see results just by trusting the Universe and keeping your vibes high.

This is the workbook we all need, want and desire. Get this for yourself, get a few more to share because sharing is caring. I don't remember how I came across her group on Facebook, probably by the divine power of Facebook algorithms and me joining everything that looks amazing ... but I'm in it, then learned about her book. I started it last night and will be implementing everything I learn over the next 21 days and sharing with all who are (or aren't) ready. Thank you, Kathrin, for writing

this and for your energy and spirit. Looking forward to seeing Manifestation Bros happen :-D
