## Customer Reviews

I've been playing fantasy football for a long time. This year, my wife is joining me and this book is the foundation of her learning curve. Fantasy football players with a decade or more of experience, who follow the right analysts and have played in auction, 14-deep and live drafts will appreciate this book. Fantasy football players who focus each week on their DFS lineups, from cash games to large tournaments (e.g., GPPs) will find the analyses useful and lucrative. Whether your league has dropped kickers and defense or you find picking that right D/ST off the wire is the right way to go, the brilliant cast of writers that Bales has assembled provides a treat that will whet your appetite and ensure that you have the best shot in your league at hoisting a trophy or cashing a quality ROI. There's a lot of fun as well as deep insights from the best in the business. Get yourself a copy today for your e-book reader and a paperback as a gift for your favorite player (in another league). They're simply must-haves for the 2017 NFL season.

This is a very comprehensive look into fantasy football. I've been looking for this for awhile. I feel like I have a real advantage now. No more gut instinct calls.

Great stuff from the industry leaders. Well done.
