Wildwood Creek (The Shores Of Moses Lake Book #4)

Synopsis

With love and loss tangled together, how was she to know where her life would lead? Allie Kirkland has always heard the call of her father's unfinished destiny. When she's offered a production assistant's job on a docudrama filming in the hills near Moses Lake, Texas, the dream of following in her director-father's footsteps suddenly seems within reach. The reenactment of the legendary frontier settlement of Wildwood is a first step into the film industry. A summer on set in the wilderness is a small price to pay for a dream.Â But in 1861, the real Wildwood held dangerous realities. Town founder Harland Delavan held helpless residents, including young Irish schoolteacher Bonnie Rose, in an iron grip. Mysterious disappearances led to myths and legends still retold in the region's folk songs. Eventually, the entire site was found abandoned.Â When filming begins, strange connections surface between Allie and the teacher who disappeared over a century ago, and everyone in Wildwood--including Blake Fulton, Allie's handsome neighbor on the film set--seems to be hiding secrets. Allie doesn't know whom she can trust.Â If she can't find the answers in time, history may repeat itself...with the most unthinkable results.

Customer Reviews

I literally just discovered that "Wildwood Creek" is book 4 in a series, LOL. I have a habit of doing that (reading books way out of order) - but I think this just speaks to how well "Wildwood Creek" is written, because I didn't have a clue until I came to review it. "Wildwood Creek" is one of the best books I've read in a long time! I'd read a portion of it many moons ago, and only remembered vague details, but the great writing and fascinating plot kept me hooked from page 1. I didn't mind re-reading, and it was wonderful to be kept guessing the entire time. Love, love, love Lisa Wingate's writing, and I can't wait to check out the other books in the series.

First, this is the fourth book in a series, however you will enjoy it if you have read none of the other books because it stands alone. If you have been lucky enough to read the other books, you will enjoy seeing characters from those books showing up as side characters in this one. It's kind of like running into an old friend in a store. Her characters all seem like friends by the time you finish the book, you expect to run into them or to be able to call them. This one is a little different from the others in that it takes place in the same place, but at two different times. You get a historical story and a modern one all at once. I could not put it down, I had to see what happened next. I am really hoping there is another one, because I wonder a lot about what happens to these characters after the story ends. They have become old friends I want to keep up with. I am usually good at figuring out plot twists, but she surprised me in this one. I love it when that happens. This book is one of my new favorites.

This is the 4th and final book in The Shores of Moses Lake series. Boo! This is the story of Allie Kirkland, who lives in the present day, and Bonnie Rose, who lives in the 1800's. I loved how the story switched back and forth between time periods and points of view. It was so interesting, and I don't think any of it is true, but it sure held my attention and I loved how everything came together in the end. This was a great series and I will be reading more of Lisa Wingate. Highly recommended!

...in a romance novel. This incredibly well written book by Lisa Wingate holds the reader's interest from start to finish. It ends with a twist that will cause the reader's heart to leap into their throat. Really good book. Buy it.

I enjoyed this series. This was my favorite of the Moses Lake Books. Loved the history and the back and forth from past to present .

Wingate wove modern day life seamlessly with historical days in a way that I have not yet seen. Two separate stories told side by side united by location and similarities. With some books, you find yourself really only wanting to read one character's story, but with Wildwood Creek, I wanted both stories!

There was just something about this story, that you wanted to just keep reading and reading. What a wonderful book. I couldn't wait to see what had happened to Bonnie Rose, and even Allie. So good!

Oh my goodness, was all I could say when I finished reading Wildwood Creek! I. Loved. It! The book kept me on the edge of my seat. I think it is wonderfully different from Lisa Wingate's other books. I love Grandma Rita's pearls of wisdom throughout the book. Many of which are underlined with my yellow highlighter. I enjoyed the small part the recurring characters of the Moses Lake Series played in the book, including the "Wall of Wisdom". If you have never read any of the series don't worry they really can all stand alone. Wildwood Creek is BRILLIANT!
