The Official LSAT PrepTest 66: (June 2012 LSAT)

Synopsis

The PrepTest is an actual LSAT administered on the date indicated. Practice as if taking an actual test by following the test-taking instructions and timing yourself. In addition to actual LSAT questions, each PrepTest contains an answer key, writing sample, and score-conversion table.

Series: Official LSAT PrepTest

Paperback: 52 pages

Publisher: Law School Admission Council; 2012 edition (July 15, 2012)

Language: English

ISBN-10: 0984636056

ISBN-13: 978-0984636051

Product Dimensions: 8.3 x 0.3 x 10.7 inches

Shipping Weight: 2.4 ounces (View shipping rates and policies)

Average Customer Review: 4.9 out of 5 stars 27 customer reviews

Best Sellers Rank: #491,111 in Books (See Top 100 in Books) #143 in [Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Graduate School > LSAT](#) #185 in [Books > Law > Legal Education > Test Preparation](#) #3652 in [Books > Textbooks > Test Prep & Study Guides](#)

Customer Reviews

The practice tests were by far the most helpful part of my LSAT prep. There was no substitute for practicing on real tests, where you can time yourself, practice the endurance of a complete test, etc. If you are serious about getting a good score on the LSAT, you are going to need to take at least 20 of these bad boys. Definitely focus on the latest tests for the best idea of what to expect on your test day.

Look, I know that dishing out almost ten bucks for each of these practice tests (PTs) sucks, but it is important. No prep book or test taking strategies can do the trick alone. The magic happens when you put what you've learned into practice with actual tests. Buy these, take them under perfectly simulated conditions (even find the testing room if you can), review them extensively to understand your mistakes, and kill it on test day. Between the 2 times I took the LSAT, I went through approximately 50 PTs. This prep had everything to do with my 97th and 99th percentile scores.

If you're studying for the LSAT, this is the only thing that you should be using. These are actual tests that have been administered. Why waste your time with other options that are only LSAT-like questions that people have written to mimic those of the LSAT?

I used these book's along with the Isat logic reading game bible series.. I didn't study very much and was able to score a 171..I attribute my success to these book's...The trick is drilling weak area's at the end of each week and ensuring you take a practice test at least once weekly. I would recommend about 15 practice tests to take in complete sittings and 15 for drilling weak areas.

I would recommend about 15 practice tests to take in complete sittings and 15 for drilling weak areas.

The most recent official LSAT pretest. The test has changed over time, and it is important to practice using all the recent LSATs, including LSAT 66. I'm the moderator of Reddit's LSAT forum, and I recommend this book to all my students. LSAT 66 introduced a change: logic games are now on two pages, instead of one. Until LSAT 67 is released, this is the *only* LSAT that shows you the new format. The way the new logic games are setup, the left hand page has the rules, and the first question. The right hand page has all the other questions. I recommend drawing your diagram on the second page, so that it's closer to most of the questions and easier to use. Whatever method you think is best, you should buy this test so that you can practice the new format for logic games. Graeme Blake Author of *LSAT 66 Explanations (Hacking The LSAT Series)*

It is a great product to have for the LSAT! It is not so expensive and you could definitely use it as a tool to improve your LSAT score!
