Customer Reviews

These tricks are basic and easy to learn to perform in front of your family, friends, and strangers. If you do them right these tricks become amazing.

I am glad that I stumbled upon this book. It is full of ways to impress your girlfriend or any lady friend. I especially love the phone book trick. That is one trick, among many, that I will be using in front of my girlfriend. Imagine, ripping a phone book apart to prove your manly strength. Each trick is explained fully and explicitly so that you can easily replicate them. I also love that the author gives you variations so that way you can keep them fresh. Definitely a worthwhile book for any male.
