Sebastião Salgado was born on February 8th, 1944 in Aimorés, in the state of Minas Gerais, Brazil. He lives in Paris. Having studied economics, Salgado began his career as a professional photographer in 1973 in Paris, working with the photo agencies Sygma, Gamma, and Magnum Photos until 1994, when he and Lélia Wanick Salgado formed *as imagens*, an agency created exclusively for his work. He has travelled in over 100 countries for his photographic projects. Most of these, besides appearing in numerous press publications, have also been presented in books such as *Other Americas* (1986), *Sahel: l'homme en détresse* (1986), *Sahel: el fin del camino* (1988), *Workers* (1993), *Terra* (1997), *Migrations and Portraits* (2000), and *Africa* (2007). Touring exhibitions of this work have been, and continue to be, presented throughout the world. Sebastião Salgado has been awarded numerous major photographic prizes in recognition of his accomplishments. He is a UNICEF Goodwill Ambassador, and an honorary member of the Academy of Arts and Sciences in the United States. In 2004, Sebastião Salgado began a project named *Genesis*, aiming at the presentation of the unblemished faces of nature and humanity. It

consists of a series of photographs of landscapes and wildlife, as well as of human communities that continue to live in accordance with their ancestral traditions and cultures. This body of work is conceived as a potential path to humanity's rediscovery of itself in nature. Together, Lélia and Sebastião have worked since the 1990s on the restoration of a small part of the Atlantic Forest in Brazil. In 1998 they succeeded in turning this land into a nature reserve and created the Instituto Terra. The Instituto is dedicated to a mission of reforestation, conservation and environmental education.

An excellent introduction to the haunting work and tireless life of Salgado. You will linger at his words and be moved by his take on the reality of our life on this planet.

A conversation with Sebastião, a life story, even an incredible insight into his working methods - everything you've wanted to know about him, in one fascinating (if only too short....) book!

Great book! i really enjoyed reading it! Not a photography book, but more like an autobiography book. Sebastião Salgado is one of the greatest photographers of all the time!

Very interesting book not only for photographers but for anyone who wants to read about an interesting life.

Great book but a little short and do not expect a lesson on photography. It is the description of a life experience and a way to see things through lenses.

Understated and sparse and well worth reading to understand both Sebastião and our relationship with our world.

I really enjoy this book

A future required text for courses I teach.
