## Customer Reviews

while military's expensive they have developed many trauma and emergency medical procedures that have saved millions of lives.only good part of war

Always good to have and maintain an emergency medical kit. This book as so helps you become confident in the knowledge.

Thanks

Got this for my son. He is into survival in the woods. Good explanations and how to.

great to have for emergencies

**GREAT PRODUCT**

**VERY INFORMATIVE ABOUT WEARY SITUATIONS**

I've had many First Aid manuals that were easy to understand and had excellent pictures of procedures. This one is complicated and has no pictures of procedures.
