Lion Guard Defend! This book is great and well worth the money. It's a really good sized book and my little guy loves going through it and looking at all the real pictures of animals. It's also full of illustrations from the hit show "Lion Guard." The hologram aspect of the book is pretty neat too and offers an aspect of "play" into the book. If you have a Lion Guard fan in your house, then this book is must!!

Given as a gift to our grand daughter who loves to watch the Lion Guard

Beautifully presented and educational this book will enhance anyone library of African wildlife and reference materials in addition to being a great children's book.

Lion Guard is my daughters favorite show! So I jumped at a chance to get her a book for us to read together. The book is so cute. Unfortunately the book was a little damaged. The binding was tearing a little when it arrived. But otherwise a great book.

This is a fun book. It was nice that some of the animals were not the usual ones one would expect. However, some of the letters and pictures were mismatched.

This book was poorly made. The pages were all warped and there is already a crack along the cover where the book opens up where the book opens

Each letter has a picture that when you tilt it it moves. 4 on each page. Great for my 2 year old on car trips

Very cute book! Lots of fun and great hologram pictures! My kids love the lion guard and were very excited about this book
