The author has really good knowledge on this sport and he shows you how to earn money playing fantasy baseball, really a good detailed book on fantasy baseball. This book also has a lot of statistical analysis and visual graphics for you to get the clear picture. Really a Good Read.

A very detailed guide that makes me want to start playing fantasy baseball. There are so many tips and everything is well explained.

Good primer on playing Fantasy Baseball. Covers a lot of needed information quickly and thoroughly. I've just started playing DFS recently and I know that I've cashed in more 50/50 games due to what I learned in this book. On my second read now and I'm understanding strategy better and am applying it every day. Now I wish he would write a DFS book on NASCAR.
