Customer Reviews

Book is as described. The songs are easy to follow and play. The online accompanying listening is a plus so you can hear how to play the songs. Not really any known songs but good just the same. I found this book much too simple for my liking and after a few hours got bored with it. Good for an absolute beginner.

Good book for a beginner and just some great fun for more advanced players. It could use a chapter on flute care, but very nice otherwise. I recommend.

I'm a beginner but this format makes it easy to learn and play songs.
