Synopsis

****Warning:** Contains book 1 spoilers
Kiernan Parks settled all the scores. He finished what he set out to do and then . . . he left. He left Jade. Heartbroken and weary. Existing one day to the next. One breath after another. The only way she knew how to move forward, forever missing a piece of her heart. Until an unexpected surprise throws her volatile life into upheaval once more. He left Caulder. Guilt-ridden and grieving. Fighting to hold it all together. Not just for himself, but for the people he cares about. Staggering under the weight of his obligations. He left them alone. He left them together.

Customer Reviews

This book was so beautiful and perfect in every way!!! I laughed, I cried, and I screamed in frustration. I just finished this book (12:17am) and just had to write a review on how special this book was! Finally a long awaited happy ending for Jade and her new family. I'm so excited to have finally found an author that writes books where the hero is a MAN! I love how Cal is so protective and manly over Jade. Totally not a whimp to stand up for her and fight for her. Also love how the

author kept things clean but still got the point across. So can't wait for the next book!!!!!!!!!!

The next in The Pieces series! What a perfect name considering that is where my emotions are in pieces. I gave this book series 5 stars because you always think you get the mending beautiful ending but no, not this book you stay broken and wondering until the very end! I have a book hangover and read puffy eyes and no matter what a broken heart even after I finish. Please read this amazing series!

LOVED THIS SERIES!! I hate when characters die but it was beautifully done and the big brother steps in to save the day! Beautifully written love story. Can't wait to read it again!! I loved that it was clean cut, and still interesting.

I have never had a book make want to cry thru the whole book. Wish ending was a bit better but this has been best series!!!! Must read!! This series is cross between Breathing series and Edge of Never my favorite 2 series!! This is now #3 on my list!!!

I have been waiting for this release since I enjoyed the first book so much. There is a lot of build up in the book and then it just ends. The end just seems extremely rushed as well as the epilogue.

I love Jamie Canosa's books! I never have any complaints about them.

I am in love with this series. I cried so much during the whole thing. The words are perfection and it is absolutely one of my all time favorites.

This series did not disappoint. I love the characters and how you can feel all the heartache and love for one another. This is definitely a must read..
