In this latest installment in Bruel's successful series, Kitty's behavior is so bad that her owner has decided obedience school is necessary. Accompanied by Puppy, who needs to learn to control his drool, Kitty spends the day with a delightful teacher who knows when to affirm and when to teach; a bulldog named Petunia, who is trying to overcome her hatred of felines; and a pet bunny who believes he is Dr. Lagomorph, out to conquer the world. With the usual zany

illustrations and hilarious asides, this title may just be the best so far. Grades 2-4. --Melissa Moore

School is fun at times but Bad Kitty definitely makes it an adventure. Can't wait to read this book to my first grader reading students! I know they are going to love it as much as I did!

Both my younger sisters loved these books! They read them around age 7 and they found them a fun read and engaging. They both decided to get the full collections!

My son who isn't a big reader sat down and read the entire book one night.

great condition thanks

bought it as a gift

Entertaining for kids and adults with life lessons and cat facts built in to all of the Bad Kitty stories. We like them a lot.

Granddaughter gets every one of these books.

I have the Bad Kitty Christmas book and like the story very well for my young kids at school. I thought this would be cute. It is fun, but it's written more in a comic-book style and not for the very young as I had hoped. That's the only reason I didn't give it five stars. I had hoped it would be cute for those entering preschool or kindergarten, but it's for a little older child who can read on their own or whose attention would be held with a different style of illustrations.
