Diners, Drive-ins And Dives: An All-American Road Trip . . . With Recipes!

Synopsis

Food Network star Guy Fieri takes you on a tour of America's most colorful diners, drive-ins, and dives in this tie-in to his enormously popular television show, complete with recipes, photos, and memorabilia. Packed with Guy's iconic personality, *Diners, Drive-ins and Dives* follows his hot-rod trips around the country, mapping out the best places most of us have never heard of. From digging in at legendary burger joint the Squeeze Inn in Sacramento, California, baking Peanut Pie from Virginia Diner in Wakefield, Virginia, or kicking back with Pete's "Rubbed and Almost Fried" Turkey Sandwich from Panini Pete's in Fairhope, Alabama, Guy showcases the amazing personalities, fascinating stories, and outrageously good food offered by these American treasures.

Customer Reviews

The iron-stomached Fieri, restaurant owner and Food Network personality, has probably choked down more burgers, bacon, pancakes, hash browns and fried eggs than any person should have to, and this dense, photo-packed retrospective allows viewers to replicate many of his favorite restaurants' recipes at home. Like the show, Fieri takes diners on a tour of the country's best local eateries, like Kansas City favorite YJ's Snack Bar, which uses two electric burners and a sidewalk grill to crank out exotic fare from around the world; James Beard Award-winning Al's Breakfast in Minneapolis; and all culinary points in between. The book contains a fair number of predictable classics like coconut cream pie, macaroni and cheese, meatloaf and burgers (including one that's

dipped in batter and deep-fried), but has an equal number of interesting riffs such as Cap'n Crunch French Toast, Nut N' Honey Pancakes, Pork and Sweet Potato Empanadas and Chicken Fried Lamb Chops. Viewers' requests are also featured, including the Red Arrow Diner's American Chop Suey. Rounded out with plenty of behind-the-scenes anecdotes and local color, this tour of off-the-beaten-path establishments has enough regional entries to keep culinary road-trippers busy (and full) for many, many miles. A NEW YORK TIMES BESTSELLER (No Source)“Rounded out with plenty of behind-the-scenes anecdotes and local color, this tour of off-the-beaten-path establishments has enough regional entries to keep culinary road-trippers busy (and full) for many, many miles. (Publishers Weekly)

This is just okay, he has better cookbooks.

Pretty interesting, but light on recipes that I would personally make. I bought it at a discount and don't regret the purchase but would have been disappointed if I had paid full price

FUN! FUN and more FUN.....makes tracking down some of his favorite stops easy....also some delicious ideas for meals. Look forward to reading others written by Guy.

Pretty good....I really like the show. I do think a cookbook downloaded is a little difficult and not quite as enjoyable as holding it in one's hand.....Not quite as many recipes that will translate to home as I thought but very enjoyable.

i enjoyed the book. I like Guy's take on food. If you liked the TV series, you'll like this book.

With a hair cut like that? Great book! If you watch the series this is a must have!

Love the book/ cookbook. its a good read along with good recipes. ! ! ! ! ! ! ! !

I've only been looking at the ebook for a few minutes and have already found several editing errors. In some recipes, the list of ingredients will fall on separate lines, as they should, and in other

recipes, they have several ingredients listed on the same line without commas:"1 teaspoon dried oregano 1 teaspoon dried basil 1/2 teaspoon ground black pepper" There are also obvious typos: "1 cup mayonnaise \$\$ cup sugar" I gave it 3 stars because I like the premise of offering a list of unique diners and their special recipes, but no one wants an unedited cookbook!
