Sandy Botkin is a CPA and former Attorney for the IRS. One of the most well-known national lecturers in the field of tax reduction and audit proofing techniques, he has toured with Tony

Robbins, Donald Trump, and John Grey. Botkin knows the ins and outs for those who are business-owners or self-employed and is the author of the audiotape series Tax Strategies for Business Professionals and Tax Advantages of a Home-Based Business.

no complaints here, excellent reading, still would recommend getting taxes done by a pro but at least it give you an idea of how to find that pro and what the pro should be doing for you.

Excellent book. I felt confident using these techniques since Mr. Botkin taught the IRS auditors how to do their job. I highly recommend it.

Mr. B. is a Genius, and you are always over paying in tax dollars.

I have previous editions that correlated to year to year changes in tax code. All, including this addition, have been very helpful in finding tax savings.

This book is packed with easy to do, very practical suggestions. It covers multiple topics and allowed me to make changes immediately for the upcoming tax season. You can read it back to back, or choose chapters as necessary. Very useful read.

This book delivers on its description. Insightful. Useful.

Easy to read. Full of good info.

Sandy is amazing! I recommend this book to all my clients!
