Awesome history of dinosaurs from a Christian point of view

Great book with all the right information!

We liked it. a good resource to help teach my child the biblical version of history

My 8 year old loves this book!

Wonderfully written and illustrated. How nice to see evidence outside of the religion of naturalism that is pushed in all public schools. So nice to hear from the less publicized but brilliant creation scientists !!

Best book I've ever read on dinosaurs, very basic for the kids and a TON of information that they'll love.

Great book for children.

Eight-year--old grandson loves it!
