Customer Reviews

Danny W. Scott, DVM, Professor of Medicine, College of Veterinary Medicine, Cornell University, Ithaca, NY; William H. Miller, Jr., VMD, Professor of Medicine, College of Veterinary Medicine, Cornell University, Ithaca, NY; Craig E Griffin, DVM, Animal Dermatology Clinic, San Diego, CA

I recieved the book in the time indicated. It was well protected so as not to get damages. The book itself constitutes a real Bible offanimal dermatology . Wonderfull.

This book contains all the information a practitioner would need to practice high quality veterinary dermatology. However, it may be too advanced for many general practitioners who may want to look at more clinically minded books. This book is well referenced and the use of the references is accurate. When the experience of the authors is used it is clear to the reader. The most problematic

chapters have to do with the structure and function of skin, where the author tends to shift subjects and alternates the detail to which the subject is covered - sometimes in the same sentence!
