Classic Trucks: Adult Coloring Book

Synopsis

There is a very good reason classic trucks garner the name “classic.” These automotive works of art have always managed to turn heads and gather everyone’s attention whenever they make an appearance. It only takes one look to fall in love with these automotive masterpieces and now you can enjoy coloring over 20 classic trucks. Each truck has been meticulously hand drawn by Jordan Biggio, automotive enthusiast and illustrator. Designed to appeal to classic truck lovers of all ages. Beginners will love the large open spaces giving them plenty of area to lay down solid colors. No artistic skill is required in order to make a jaw dropping masterpiece. Advanced colorists will enjoy using the line art to apply shading techniques that make the classic trucks shine. As a bonus each classic truck design is printed twice in this book. Not only does this give you the opportunity to color each scene twice, it also gives you a clean slate in case you make a mistake! It is like having two copies of the same book. As a second bonus, both the front and back cover are printed with a matte finish. This means you can color them too! Enjoy these classic trucks. Each classic truck is printed on one side of 60 lb pure white paper to minimize scoring and bleed-through. We suggest using crayons and high quality colored pencils for the best results. Markers and gel pens work as well, but we suggest placing a piece of scratch paper between the pages to prevent the excessive bleed-through these coloring mediums are known for. Please note the pages in this adult coloring book are not perforated. “I have always loved the sleek curves of the automotive world. From the classic look of a 1958 Plymouth Fury to the ground shaking V8 power of the Pontiac Firebird and everything in between. I have yet to see an automobile that I don’t admire. I have been sketching cars since I was a young boy and now my sketches give you the awesome ability to color the front bumper, rear bumper and everything in between.” What are you waiting for? Get a copy today and start coloring in these classic trucks!

Customer Reviews

I am still working on the first page but have enjoyed the distraction immensely. The asking price is very fair for hours and hours of something to kill time with. As others have stated it would be nice to have year/make/model the drawings are based on because of the simplicity of a vector style drawing it is sometimes hard to see where a body line ends and a bumper begins, finding a picture to determine what is what would be helpful. I suspect it must be this way due to licensing issues but overall, I have had a lot of fun anyway.

Nice coloring book. The only thing I wish it had was a title and year of each truck.

Not enough detail, almost as drawn by some litter kid.

Cool Book.
