Customer Reviews

A wonderful overview of the reading section of the TOEFL. While many popular TOEFL textbooks are terribly out of date, this book accurately reflects the most recent changes to the test. Each chapter of the book covers one question type and provides strategies for answering them, a list of "traps" used by ETS to trick students, and a healthy amount of sample questions to illustrate the

provided techniques. The book ends with a complete practice set and answer key. Highly recommended.

I really like this book. by reading this book, I'm getting better in reading section. This book is very helpful.

Thanks Kathy for this amazing book. Really, I like it. I mastered the reading section of the TOEFL iBT from your book, and I recommend it for all students who are seeking a good score in the reading section. Thanks a lot Emad Ibrahim

Thank you Kathy! You did a great job, this book is very helpful. I had a trouble with the reading section of the TOEFL. My problem is that I was running out of time. However, your book taught me a strategy, which helped me a lot! Thanks again.
