## **Customer Reviews**

Used book in good condition. Some cover wear, may contain marks such as highlighting or writing inside. This is an older printing. CD SET INCLUDED. 100% satisfaction guaranteed.

This item does not come with CDs, although the description and the invoice describe the CDs were included. I bought this product more expensive than others because it's include the CDs, but it disappointed me.

I loved this "excursion" in to world music that I got for a class, I will keep it to listen to, and will introduce friends and family members to these wonderful cultural music excerpts, and information.

Details of instruments, music and the cultures they come from was all brought together. The CDs are invaluable to get the idea behind the descriptions.

Good Condition and you can not beat the price compared to 100+ for retail

what a bargain and the text included still hold true to that which is taught by ethnomusicologist. accepted Here in KCC.

I got this book for a class and it wasnt that great. They had very little music for Spain and other large countries
