Big Agenda: President Trump's Plan To Save America

Synopsis

NEW YORK TIMES BESTSELLER Donald Trump's victory in the 2016 election was more than a historic upset. It was the beginning of a major political, economic, and social revolution that will change America and the world. One of the nation's foremost conservative commentators, New York Times bestselling author, and a mentor to many of Donald Trump's key advisers, David Horowitz presents a White House battle plan to halt the Democrats' march to extinguish the values America holds dear. *Big Agenda* details President Trump's likely moves, including his: First wave of executive orders; restoring Guantanamo, Keystone XL, nixing amnesty; Surprising judicial appointments; Supreme Court and the federal judiciary; Radical changes to federal rules & regulations; Obamacare, EPA overreach, and a New Deal for black America. With the White House and Senate in GOP hands, and a Supreme Court soon to follow, President Trump will have a greater opportunity than even Ronald Reagan had to reshape the American political landscape while securing the nation's vital security interests abroad. No president since FDR and his famed 100 Days has the chance Donald Trump has, Horowitz argues. But he writes that the GOP and Trump must recognize they are not fighting policy ideas, but an ideology; a progressive one with a radical agenda to stop Trump in an effort to reduce America's power and greatness. *Big Agenda* is a rallying cry and indispensable guide for how to claim ultimate victory for the conservative cause. Horowitz writes, "One battle is over, but there are many more to come. This book is a guide to fighting the opponents of the conservative restoration. It identifies who the adversaries are; their methods and their motivations. It describes their agenda; not merely the particular issues with which they advance their goal, but the destructive goal itself. And it lays out a strategy that can defeat them."

Customer Reviews

"Provides a clear assessment of the challenges the new president faces and a road map for a winning agenda."#151;RUSH LIMBAUGH"With trademark candor, Horowitz lays out a Trump agenda for restoring the country and sinking the ship of the left once and for all."#151;DINESH D'SOUZA, New York Times Bestselling Author of Hillary's America"A compelling road map for Donald Trump #151; a must read for everyone concerned about the future of America."#151;PETER SCHWEIZER, New York Times Bestselling Author of Clinton Cash"Progressives have declared war on America and Donald Trump. Every conservative should arm themselves with this brilliant battle plan for beating them back and winning the war."#151;ANN COULTER"Trump was vilified like no other presidential candidate in history, yet he still defeated the Democrats— All Republicans should read it for the battle-cry it represents. High school and college students should also study it to understand both sides of the two political ideologies."#151;HuffPost

David Horowitz is a noted conservative commentator and New York Times bestselling author. He is the founder and CEO of the David Horowitz Freedom Center in Los Angeles and the author of The Black Book of the American Left.

I thought I kept up with conspiracy theories, as an amateur, but the information in this book was shocking, to say the least. The chapter outlining the public education system was most shocking of all. The national "Dumbing Down" movement is no longer a theory to me. It is a well-planned, well-orchestrated system, well-financed system to do just that: dumb-down the next generation of children in the USA; which has recently graduated. This is a must-read for everyone that loves the American way of life, such as it was.

We haven't even seen it yet! its all this fake news, Russian voting hints, Democrats mud slinging

and young people rioting, how could one person accomplish anything? He is right! Get those people out of the swamp! Let this country be what it should be!

Very enlightening book. Best information,

Opens your eyes to the nefarious progressive agenda and methodology.

A very worthwhile read for both Republicans and Democrats. David says it like it is. Poignant, interesting, and very informative.

Really good book and very timely to the current political situations.

Excellent read, fast shipping. Very important and informative.

A must read for people who want to fix the mess our country is in. True Americans must stand together or the "swamp" will never be drained. The power elites will do anything and everything to hold onto their power at our expense. The lies and attacks will be formidable...but the people can prevail.
