My nearly 5yr old son loves this - his favorite super hero book so far. As expected since it's Batman, it's a little darker than some similar books we have. It's also a little more "violent" than others. I would not have given this to him 6 months earlier...

This was a really good quality book. It was a hardback book and it was an oversized book. However, the stories were a little lengthy for a 4 year old. If you have an older child, I think this would be a really great bedtime read, especially for the price, but in my case, the story lines were a little too involved for the little ones.

Bought for my 4 year old. The words used I think are a bit advanced for his age and I have to say it's pretty violent/graphic. Just my opinion, I know everyone has different perspectives on this type of thing, but for me, I wasn't a fan. I will put it up and maybe give it to him later. I know Batman is all fighting etc but I wish I could find a little more mild and tamed version for young readers, he loves Batman!

My 5 year old grandson decided he liked super heroes but didn't know much about them. For his birthday I gave him this book. He loves it. Each night during reading time Mom or Dad read a story from book. It is so colorful and stories are easy to follow. Stories really are about five minutes, lingering over details of pictures can stretch that time even longer! He likes to look at it by himself

also. It is a nice hardback book with super intense colored pictures on most pages and is pretty thick. The price is very reasonable in fact easily could see it going for much more. One that will be kept when others finally go to Thrift store.

Good value - I read these to my son at night before bed. It's nice they are divided so you can do as much or as little as you want. Nice quality book.

These stories are short, fast and the perfect stories to read at bedtime. Also good for kids who are emerging chapter book readers. They can feel like they are reading chapters, but the stories are short and a little easier than tougher chapter books. These are a big hit with my kids.

My 3 year old is obsessed with Batman and this book is the best thing to ever happen to him. Cool pictures, quick little stories, lots of action. LOVE it!

My four year old son loves for me to read him these before bedtime. It has a good variation of stories and it keeps his attention. It's something he looks forward to each evening. We have a good sized collection of five minute story books and Batman is one of his favorites. I highly recommend it.
