Daily Life In A Covered Wagon

Synopsis

Great for classroom lessons on the Oregon Trail and Westward Expansion! In 1853, the Larkin family loaded up their wagons and headed west in search of a new life. But how did they do it? What did they eat? How did they survive sickness, and attacks from cattle thieves? Drawing on diaries and letters, and illustrated with photographs of actual objects from the past, *Daily Life in a Covered Wagon* explored what life was really like on the wagon trail.

Paul Erickson is the author of several non-fiction books for young readers, including *DAILY LIFE IN A COVERED WAGON* and *DAILY LIFE ON A SOUTHERN PLANTATION*.

Interesting facts about pioneer life and the Westward Expansion

Perfect for a short overview of the subject, and pictures a definite additional help.

My 8 year old granddaughter enjoyed this book. She liked the illustrations and pictures. This is a good book for teaching children about life in a covered wagon. I enjoyed it too.

Beautiful, well researched book that appeals to both children and adults. Very happy with this purchase.

I loved this book. I wanted to do some research about life on the trail, and this was an excellent first step on the research journey. It gives enough detail to be historically accurate and interesting, without getting bogged down in too much information. Anyone wishing to do further research can use this book to easily identify the particular topics they want to take further.

Short book but great for kids to learn of old west.

Good book about how life was for those traveling the trail.

Can't wait to use it with my class when we hit the Oregon Trail in ID History!
