Customer Reviews

Wow I loved this book so much. A smart and insightful look at a game whose history, if you don't know it, is truly fascinating. I've bought this book because of my interest in this

game and I was very pleased about this book. There are some fascinating stories of creativity, manipulation and foolish hubris that make this a must read for anyone with even the slightest interest in gaming. All in all, very excellent book.

too few content

Jokes r not that funny. And some just don't understand but good history and some I didn't know about mario .

bought to read with my two small boys (9 and 7), had to skip many parts not suitable for their ages. Not funny jokes either, I personally did not like it. My housband stood up a couple of times interrupting me while I read saying "really, what are you reading about?!"

Funny but short

I loved it but, it is not very age appropriate. The memes and things have cuss words. This book should be for kids too!!!!

It was a good read and enjoyed it lots. Big fan of super Mario and if you are too you will like this

I'm not sure what I was expecting, but it just wasn't very interesting. Maybe it's my fault for not reading the description closely enough.
