## Synopsis

Audiobook is Now Available with AudibleDiscover The 11 Perfect Steps To Bible Study & Become Closer to Christ in the Process...Like many people each morning, you wake up, pour yourself a good cup of coffee, take your shower and get dressed for work. You go through your everyday life doing this routine without a care for His Word. It is as if you are in a hurry to meet the day and get everything started. But do you get satisfaction from all these? Do you see yourself doing the same thing over and over again? Sadly, many people are trapped in this dilemma. While caring for your outward appearance and your job are not all wrong, you also need not forget that your inner thoughts and attitude are of great value. Above all, prayer and meditation should be your topmost priority in life. And that is what this book is about. Now, ask yourself these questions: Do you still pause for a moment to think of today's God's blessings? Do you still devote time to God when you wake up each morning? Do you still thank Him as you retire at night? If you think you are lacking in this department, this book will change everything, and that includes how you start and end your day, as well as in building an intimate relationship with God. Here is a Preview of What You Will Learn: How Important it is for Christians to Set a Block of their Time with God Each Day...Prayer Should be a Lifestyle...How to Get to Know the Bible More...Learn More about the Scriptures and Bible Verses...The Role of the Church in Your Spiritual Walk with God Everything that a true Christian believer must do in order to fully understand the Bible and ultimately develop an intimate relationship with Jesus... The prophet Jeremiah noted that the problem with God's people is that they are so focused on their daily lives and activities that God often gets pushed to the bottom of their to-do lists. But you should remember that spiritual growth should happen from the inside out. If you are serious with your walk with God and in giving Him more time more than you do your daily tasks, you must learn to put God at the top of your priority list. Try doing this: As you get up from bed and shower, praise God for the cleansing through Jesus' sacrifice at the cross. When you pour your cup of coffee, ask God to empty you so that you may long for him more, and be filled by His presence throughout the day. As you get dressed for work and put on your accessories, thank Him for beautifying your life with the fruits of the Spirit. Ask God to soften your heart as He leads you through the day. Give thanks to Him for being the foundation of your life, and ask Him to give you eyes to see His works in your life. Acknowledging God in everything you do, even in the tiniest details of your life will help you develop a closer connection with Him. Being in the presence of God does not always mean going to church or praying in your knees, it is a constant communication with your creator, a constant meeting, a time with Him. Developing this kind of attitude will change your life and how you come to God. He is just there waiting to be recognized, to

be approached. Open your doors to Him and He will surely open His arms to you. Conducting a Bible study for men and a Bible study for women will help a lot in your walk with Him. May this day be the beginning of your fruitful walk with the Lord and your better understanding of His Word. The Bible Will Truly Change Your Life. But Only if Learn To Read it Correctly First. This short book was enjoyable, but I truly believe for a beginner to the Bible it would be more helpful if the verses listed were from the NIV, NKJV or the Amplified Bible so the verbiage is more clearly understood. However, I did enjoy reading your work although I have read much of the Bible myself, but one should never tire in the work of the Lord.. Continue on your journey and God bless you for all your efforts. Jesus loves you. LANA

I wasn't to sure about this book at first, but I'm glad I gave it a try! I've had a tough time getting back

into my faith. This book was so helpful because the material wasn't being forced. It goes into different information and even has books on the history of the Lord. Inside there are so many scriptures and palms and I loved that about this book. Anyone that is wanting to get back in touch with their faith; I would definitely recommend this book. Give it a try and I am sure you will not be disappointed.

As a Roman Catholic, I believe that it is not enough to pray, and go to church, we shall also read the bible every now and then for us to know and understand more the teachings of the Lord, and apply it in our lives. As my Religious and Values Education teacher said before, the words of the bible are the food of our soul. But sometimes there are certain scriptures in the bible which are hard to understand or decipher, I am just glad I purchased this book which guided me to read the bible comprehensively. Amen to this.

This book was just what I was looking for. Going to Catholic school most of my life, I always felt my education was centered around religion as opposed to being about the Bible and scripture. I read the book and then I read it again just so I could take notes. It has a lot of helpful information for someone like me that is new to studying the bible.

I'm not a very religious person. Still, I like reading religious books as I find them very interesting. I have read the bible but didn't understand everything of it. I bought this book in an attempt to understand the Holy Book of Bible more clearly. This book has fulfilled my expectation greatly. Now, after reading the book, I can understand many things of Bible. The book has helped me to understand the inner meanings of Bible. I would recommend this book to any religious or non-religious person if he/she wishes to understand the holy book of Bible more clearly and precisely.

I just got into reading the Bible and didn't know where to start. I had this bible for more than 20 yrs. and didn't understand it, then again if you don't go to church there is no one to talk to about it which she makes a good point about going back to church, and reading the bible with others. I am starting one book at a time, and going back to church to find myself with our Lord. Thank you for giving me the mindset on how to approach and focus on the readings of the Bible.

I like the way the author outlined where to find different things in the bible. When looking for a

source of inspiration it helps to have an idea where to look.

As a Christian, the bible is an important tool to understand God and the Christian faith. I remember when I started out; I did not understand the bible one bit and I had doubts about the parts I did understand. It was until I started attending bible study and using different tools that I began to understand the bible. The author of this book truly understands this and does a wonderful job in teaching Godâ€¢s people how they can better communicate and connect with him. From here you will learn about the different themes of the bible and the different books, the different times and what God really means. At the end you will surely have the skill to read the bible on your own and meditate on the word.
