## Customer Reviews

Teora is a children's books publisher.

I use this book to get my 6-year-old to practice reading. I have him read the animal's facts to me and then he gets to put the sticker on

Fun, but not many stickers, so it didn't last long. You can still read it, of course, but the sticker placing was the best part. There is another sticker book series that my kids liked better. This other series is about twice the price, but has a whole lot more stickers.
