Antique Trader Perfume Bottles Price Guide

Synopsis

A precious commodity since ancient times, the powerful presence of perfume lies not in the fragrance alone, as you'll discover after spending just a few minutes with the beautiful new reference to the regal world of antique and vintage perfume bottles. Each of the bottles in this book (which includes commercial successes such as Avon and Coty, and high-end spectacles including Chanel No. 5 and Lalique) is represented in a stunning color photos, accompanied by recent auction and realized pricing, plus, production information to assist the accurate identification of these containers.

Customer Reviews

Kyle Husfloen has spent the last 35 years offering tips, insight and news of the hobby with readers of Antique Trader and general collectors, while authoring/editing more than 20 books, including the top-selling guide *Antique Trader Antiques & Collectibles Price Guide*. His work also includes *Antique Trader Vintage Clothing Price Guide*, *Antique Trader Jewelry Price Guide* and *Antique Trader Cookbooks*, and his weekly column, "Kyle on Antiques," found at www.antiquetrader.com. --This text refers to an out of print or unavailable edition of this title.

The pictures and information in this book was great. It was meant as a gift for my mother, since she collects antique perfume bottles, but I couldn't stop looking at the pictures and reading about the

bottles. I think this book may have turned me into a collector of perfume bottles. I just went to an antique shop recently and bought 3 bottles. I came home and immediately called my mother, asking to borrow this book. Excellent book, full of a wealth of information.

Great price & fast shipping.

Great item.

I have a business that has fine oils. Many people are interested in perfume bottles as gifts or just to start collecting them for each fragrance they purchase. So when I shop this gives me the price guide that I need.

Plenty of good illustrations. A visual delight to the reader. An interesting 'potted history' of bottle making with an emphasis on the US. Although prices are out of date, this being published in 2008, still worthwhile as a general guide to relative value of bottles.

very pleased with the book

This book helps identify your perfume bottles and helps give them some idea of their monetary value. It has lots of pictures to help identify your bottles you have no idea what they are. A good buy.

This book covers more information on perfume bottles than you can shake a stick at. Color photos are limited, however, there many black and white photos. The cost was within my budget
