"It is sort of like an older version of activity/coloring books, in that it encourages drawing inside the book itself." - Cute Everything blog

It's a good idea. There are some good pages in this book. But my daughter had me buy it for her and never used it. It's not as engaging as she was hoping it would be.

Such a cute book. It is sort of a cross between art journal - scrapbook - dog doodle book. Really cute book!

Not what I was expecting. Not enough doodling how to and a lot of empty space.

adorable. talented author. our kids (and i) love recreating these dog doodles.

Outstanding quality and very fun. We took this book on vacation and the whole family loved doodling the different dogs and passing it around to each other.

This is a great activity book for anyone!

I love this book. It's perfect for practicing your doodles. All of the images are super cute and easy to learn from. Can't wait to purchase the books in the series !

I received this for Christmas and it is lots of fun. You can draw, doodle, learn interesting information, answer trivia, and laugh at yourself.
