Only 14 crosswords in this book. A poor value, even for the low price being charged.

It contains only a handful of puzzles. These puzzle hints are strange...like "Aljazeera watchers"...answer "Arabs"....what!!! Plus it doesn't tell you which page the answers are on...and the answer pages do not contain the name of the puzzle it solves.

my fault not companies I did not read the entire description but I didn't like them because I like one page entire puzzle and clues on same page, I thought that's what this was, if you like large puzzles on one page and clues on another this is for you. I have elder friends that will love them so they won't go to waste, they are nice large print, and readable just not for me.

Very disappointing purchase. Only 15 puzzles. Not numbered, so the answers could not be numbered, and thus the answers can be difficult to find. Today the puzzle I did had a missing clue. Will do these, but I definitely do NOT find this book worth the price.

Sorry I spent money on this. It's terrible. First, it's not easy, as promoted. Second, there aren't any page numbers on either the puzzles or solutions, which is really bad. Third, I noticed one puzzle part that didn't have a clue for it. Don't ever spend your money on this!!!!

This one is enjoyable to work. Not thought provoking, but fun.

While I'm not talking about a large amount of money, I feel that this was one of the largest rip-offs that has ever been worked on me. This book of puzzles had only 14 puzzles in it. I have found a site on line that offers thousands of similar puzzles that are free.
