Where The Wild Moms Are

Synopsis

In this hilarious, touching homage to Maurice Sendak's *Where the Wild Things Are*, a worn-out mom finds herself floating across time and space to the place where the Wild Moms are. Dazzled by her party tricks, they crown her Queen of the Wild Moms and try to entice her to join their conga . . . But Mom has just remembered who she loves best of all . . . Lovingly illustrated by the award-winning Sholto Walker, this little book is the perfect gift for baby showers, new moms — or any mom who's ever wanted to go on strike.

"A must read for all mothers" — Jersey Family Fun"Every parent with a sense of humor needs to check out *Where the Wild Moms Are*." — PopSugar

Katie Blackburn lives in London with her husband and 18 month old son. *Where the Wild Moms Are* was written in tribute to Maurice Sendak's: *Where the Wild Things Are*, Katie's favorite children's book. It was partly inspired by too many sleepless nights and wild days spent with a young baby.

This is a super cute version of *Where the Wild Things Are*. It may or may not hold the interest of kids, but it's a great mother's day gift for a frazzled mom who deserves a bath and a glass of wine. And on second thought, it's good for kids to read books about how moms lose their tempers too.

Gave as Mother's Day gift to two dhtrs, and the loved it. Perfect busy Mom gift!

I ordered this for myself on Mother's Day! Lol very cute book, funny too and good little story!!
Definitely recommend this for a laugh :)

great version for adults on a classic. Probably every mom has fantasized about doing this at some point!

Great little joke gift for over worked new Mom!!

Because so many of us read Where the Wild Things are, there are many opportunities to satirize it for fun. This one does. I showed it to my daughters who are mothers and they all smiled and indicated they hoped I didn't pay too much for such a thin story which seemed to encourage binge drinking, or escape drinking. Most of us have had escapism martinis and so we are able to enjoy the silly plot matching the child's version, ... with drinking. Wry smiles are all you are likely to get. I have 5 daughters so .. it got that many smiles. Not sure I would have bought such a thin satire for just one person's gifting pleasure. But I am glad I bought it for my grown girls. For the nostalgic wry moment we shared.

Super book for a special crazy lady.

cute and funny book to give to one of your girlfriends.
