Project Teen: Handmade Gifts Your Teen Will Love – 21 Projects To Sew

Synopsis

Most of us would agree that sewing something that teens will like is, without a doubt, a challenge. In Project Teen, Melissa Mortenson, sewist and mother of three teenagers, shares not only her 21 teen-approved designs, but also invaluable tips and tricks for sewing for this unique (a.k.a. picky) age group. Whether you make a stylish tech cover, a cushy study pillow, or a personalized quilt, your teen will love these handmade gifts as much as you love them.

Customer Reviews

My 11 year old granddaughter has made several of the projects and has become an enthusiastic seamstress. She wants to make Christmas presents from the book.

Got this for a neighbor girl who wanted to learn to sew. She loves it and is doing great learning. Would buy again, the book was in excellent shape and is easy to understand for a young teen learning. Thanks.

Very happy with this book. Lots of ideas and already using some of them.

great ideas for sewing for teens

The teen need to have some knowledge of sewing to use this book. It has some good ideas for me to work with teens.

Making the Study pillow for my grandchildren for Christmas. Great book! Good investment.

Really good book with useful projects teens will love. Well written. Well illustrated. Love it.

I am a new sewer and thought this would help me with some projects for my teens. It was too complicated and repetitive for me.
