Georgia-based artist Katy Lipscomb has had a passion for drawing since she was a little girl. Now in her early twenties, she has turned that passion into a thriving career through the use of social media. Katy has taken part in a number of collaborations with companies such as ModifyWatches and Patreon. She has also been interviewed by National Public Radio for innovative use of the popular smartphone app, Vine. Her first coloring book with Blue Star, Howl, was recently featured in Time Magazine.

I received my copy of Stress Relieving Cats today and was pleasantly surprised by the quality and variety of images in the book! The cats come in a variety of poses and breeds and don't seem quite as stiff as cats in some of the other cat coloring books I have seen. My favorite is a page with

different cats inside boxes. The paper quality is pretty standard, so I will be using a sheet of paper between pages when using markers.

I bought this Adult Coloring Book for my elderly aunt who is suffering with Alzheimer's. I am pleased to say that my aunt has enjoyed coloring in this book and it brings her a sense of peace that she desperately needs.

Lovely pictures with a lot of detail. Allows for personal creativity so that no one is "wrong" in what colors they choose! I will be framing some of mine.

Great coloring book! I'm a cat lover and recently picked up adult coloring. The designs are pretty fat, so they're easy to color in. Most of the cats have designs all over their bodies like the one on the cover. I've really enjoyed it so far and would recommend it for the price!

Oh right! I bought a coloring book with a similar picture on the cover, the Gold Edition something-or-other, but it had a different title. So I was a bit surprised to find this to be the exact same book...just with low quality paper and no perforations. Don't get me wrong, I like the pictures, I'd just prefer to not have bought an inferior quality copy of the same book I already have. If you don't care about your markers bleeding through the paper or not being able to remove a page neatly, save a few bucks and get this edition. Otherwise, as I said, I do really like the actual art, so I'd recommend the Gold Edition.

I bought this as a gift for a co-worker who enjoys this kind of activity. When it arrived my 8 year old granddaughter was so excited that she thought I had ordered it for her I had to get one for her. She loves it too. Great designs and allows for wonderful creativity.

I love this coloring book! I did not order it at first because of the Karen Gory review. But, once the price was dropped to \$4.99, I took the chance and bought it and it is my favorite coloring book. I love the abstract cats!

My favorite coloring book so far.
