Customer Reviews

I bought the book because it was updated in 2015 (most recent update compared to those from other publishers). However, there is one glaring error in the book in regards to the Cathedral in San

Salvador.Quote-----It commands a striking presence, gleaming white and modern, its facade flanked by two giant murals vividly splashed with the colourful work of the country's most famous artist, Fernando Llorca.-----UnquoteThese murals were removed in 2011! This made me question the accuracy of the whole book.
