Answers To Prayer (Moody Classics)

Synopsis

When George Mueller could not get it out of his mind to open a house for orphans in late 1835, he purposed to do so "that God might be magnified by the fact that the orphans under my care are provided with all they need, only by prayer and faith." For over sixty years George Mueller wrote down the details of the Lord's provision. Thousands of orphans depended solely on Mueller, and Mueller, in turn, depended solely on the Lord. Prayer is an urgent matter that always yields crucial results. Through his narrative account, Mueller reveals how powerful and spiritually rewarding prayer can be in your life. **Moody Classics** Of all the factors influencing our spiritual growth and development, pivotal books play a key role. Learning from those who have walked the path and fought the fight brings wisdom and strengthens resolve. And hearing the familiar chords of kingdom living sung by voices from other times can penetrate cultural barriers that limit our allegiance to the King. To this end, Moody Publishers is honored to introduce the first six volumes in what is to be an ongoing series of spiritual classics. Selected for their enduring influence and timeless perspective, these new editions promise to shape the lives of spiritual pilgrims for generations to come.

Customer Reviews

I usually just read a book through once quite quickly and then put it back on the shelf with all the others. I read the George Mueller books slowly and stop frequently to savor and absorb the miracles that God has performed. I love the consistent trust that Mr. Mueller exhibits in the certainty that God is going to come through, even when He delays to the nth last minute. And sure enough as the days, weeks, months, years and decades pass his trust is never misplaced. Our Wonderful Provider never fails or embarrasses him. Whether it is hundreds or thousands of orphans that need to be fed that day, the provision is always complete. My own faith for financial help from my Heavenly Father has been transformed and my ability to receive and give has undergone a huge transformation. I have 3 Mueller books and they have been read two and three times slowly, methodically and lovingly. There seems to be an "impartation" one receives and that is exactly Mr. Mueller's hope and purpose in keeping these journals and publishing them.

George Muller put his full trust in God for every provision. He was constantly looking to do more to help orphans and missionaries. He is well known for not letting his needs be known to anyone but God and the staff and people who joined him in prayer. I pray that I would have that type of faith by the grace of God.

This little book is a great must for Christians to read to understand what faith and believing in God totally to provide for all the orphanages needs. Never once in his time in running the orphanages did George Muller ask for support for any living human being. He never had someone support the work as lot of other ministers did, like John Moody and others of that time. Just pure love and faith in God for all needs. It is a wonderful read to follow, and as you read take time to refer to the Bible passages that are often quoted. Example by example is hard to understand, but when you realise that faith in an unseen God, and faith that you will receive from him your Daily requirements without any doubt, but turning all your prayer to trusting and waiting upon God is something that I daily strive to do from this mans example in his love to serve God and show others what faith does produce for the bible believing Christian.

To choose to live by faith nowadays, one would be accused of living on the edge, or more likely

would be advised "you can have faith but...". However the Word of God does call us to this kind of life of dependency on Him, trusting Him to provide ALL the resources that we need to do the work He has called us to. How He provides it is irrelevant. For example, He provided for Elijah by the brook Cherith by sending meat and bread with a scavenger, and another time sending him to a widow during famine. It is important to trust Him that He is true to His Word that He "will supply ALL our needs according to HIS riches in glory." Mr MULLer's life of faith was a true example for us.

I had a copy of this book years ago but gave it away and somewhat regretted that since this book was a testimony of the faith walk. It reads like a journal of situations Mr. Mueller encountered and how the Lord delivered him out of them ALL, and how ALL of his needs were supplied. Mr. Mueller took care of probably hundreds of thousands of orphans by Only depending on the Lord. It shows how good the Lord is and how well he takes care of his children who trust him. This book is formatted well and has a active TOC, and it's free. What a blessing!

This book could not have been more timely in my life. It forever changed my perspective on faith and prayer, and I am grateful to Mr. George Muller for taking the time and trouble to record God's faithfulness in specific ways over the course of his life to inspire other believers to put their full trust in God alone to supply all their needs. The reader will find this a fascinating, amazing, and inspiring account of God's faithfulness in the life of a simple humble believer. The English is a bit archaic, but this is hardly an obstacle to understanding the straightforward narratives, written in the form of journal entries. At first, the reader may be surprised to learn that Muller's original purpose for starting the orphanages was even greater than his concern for the orphans themselves: it grew out of a desire to demonstrate God's faithfulness as Provider. Muller himself refuted the idea that he received special consideration from the Lord simply because of his supposed possession of an unusual "gift of faith," instead, he emphasized that this faith grew over time through many trials, and firmly believed that any true believer could receive direct answers to prayer just as he did, if they were sure that their request was truly in accordance with God's will, prayed believing that He would grant it, and were willing to continue in prayer patiently, for (as in his experience) it was sometimes years before the full answer was realized. In contrast, other answers to prayer were immediate, and came even while he was still in the act of submitting his petitions before the throne. My sister and I laughed together at the almost-unbelievable predictability of supply as time after time God came through, often just in the nick of time, and when we came to the end, tears welled up as the author described the day they laid him to rest in the grave, and throngs of people gathered to honor a man

who had lived for the glory of God and the love of His Savior and fellow man. A must-read for anyone seeking to live by faith and do ministry God's way.
