Gates Of The Seasons

Synopsis

Jewish life is regulated by two calendars, the civil and the Jewish, each with its own dates and distinctive rhythms. This volume, *Gates of the Seasons: A Guide to the Jewish Year*, is designed to help Jews feel more clearly the flow of Jewish time. *Gates of the Seasons* is a comprehensive survey of the home-based and synagogue-based mitzvot for all the sacred days, both ancient and modern, which make up the cycle of the Jewish year. Also included are brief essays on such subjects as the Jewish calendar, the liturgy of the festivals, and the special Torah and Haftarah readings. The book includes extensive notes, bibliography, glossary and an index.

Book Information

Paperback: 220 pages

Customer Reviews

This is an excellent choice for a text for those - like me - who are converting to Judaism. The book is very comprehensive regarding High Holy days and other significant days of the Jewish calendar. It is very well referenced, indexed and comprehensive. It also explains why Reform Judaism isn't returning to Orthodoxy, but is constantly returning to choice. With the High Holy days almost upon us, this is an excellent text for students, whether converts or Temple members, to add to their study of Judaism. It's fascinating, easy to understand and insightful.

good book
