Inside The Titanic (A Giant Cutaway Book)

Synopsis

In this lavishly illustrated book, the gripping story of the R.M.S. "Titanic" is told in a spectacularly visual way that makes readers feel as if they are actually "inside" the giant doomed liner. A compelling text featuring the stories of real-life children who sailed on the "Titanic" accompanies the detailed cutaway illustrations of the ship. Full color.

ASIN: 0316557161

Product Dimensions: 11.5 x 0.4 x 14.5 inches

Shipping Weight: 1.8 pounds

Average Customer Review: 4.8 out of 5 stars 155 customer reviews

Best Sellers Rank: #229,841 in Books (See Top 100 in Books) #36 in [Books > Children's Books > Education & Reference > History > Modern](#) #76 in [Books > Children's Books > Science, Nature & How It Works > Heavy Machinery](#) #119 in [Books > Children's Books > Cars, Trains & Things That Go > Boats & Ships](#)

Age Range: 6 - 9 years

Grade Level: 1 - 4

Customer Reviews

Ken Marschall is the world's foremost painter of the Titanic. His interest in the liner dates from his teenage years, and since then he has depicted the Titanic in dozens of highly accurate paintings. His work has appeared on the cover of Time and National Geographic as well as in many books. Also a matte painter for Hollywood movies, Mr. Marschall was a historical consultant to James Cameron for the film Titanic. Hugh Brewster is a Canadian editor and writer. He has collaborated with Ken Marschall on such projects as Exploring the Titanic and On Board the Titanic. He is also the author of Anastasia's Album, the story of the youngest daughter of the last tsar of Russia.

. . . if the TITANIC story interests you, so will this. Ken Marschall's vivid and realistic paintings and

especially his cut-away diagrams serve to bring the 1912 tragic tale to life. (He has become all but the "official" artist of the disaster.) I've used this oversize book to interest youngsters in the story--and it never fails. It really strikes the right tone, without so much detail as to clutter up the basic tale. Take a look...this one may grab you, too!

This book is very great for kids who want to get a good glimpse on the inside of the ship and see what the interior actually might have looked like back then. I have it sitting above my head on my book shelf among a couple of other titanic books. I definitely recommend this book for any one and not just children.

This book is detailed in such a way that you can see where everyone lived and worked who was aboard the Titanic voyage. It presents this part of history in such a way that it is interesting to those from 6 to 60+. A purchase well worth the price if you have any interest in that part of our history.

This book was purchased as a gift for my sons birthday. Both my sons ages 5 and 7 are enjoying studying the images of what the ship looked like inside. I am enjoying reading the story of three groups of people on board the ship and showing the boys the areas in the ship the story tells about. It is easy enough for my 7 year old to read and understand on his own. He has learned a lot about the parts of a ship and how they work in a short amount of time.

This is a great book for children telling the story of the Titanic. Just a note, if you order the book it looks like pages are missing but because the pages fold out the inside pages 'make up' the missing pages..

All of the Titanic books pretty much look the same except for this one. The pictures are cut-aways that basically show you what each part of the ship looked like. There are people inside the areas that look like dolls. You get the feeling that you are looking into a fantastic miniature of the Titanic made by a collector. Pricey when I bought it at \$45, but great for \$20 and under now. Either way, it's a great book if you or your child is a collector. My 9 year old loves this book.

This is a fantastic book! Great explanations and wonderful pictures where children can see and understand the make up of the ship. I would definitely order this one again! It's a bargain!

Our son loves this book, it's nice for him to use this as a reference, to hold it and so we're now following the stories too... It's a good publication, images are fantastic and indulge the imagination, even as an adult.
