Customer Reviews

Patriot Trump outlines simple and basic principles of how to make the American Dream a reality for any one of us. Interesting audio book which is definitely worth your time. Trump is motivating and inspirational and at the very least illustrates how to have better negotiating skills in every day life.

SUPERIOR PROGRAM
"How To Build A Fortune" by Trump University is an impressive 3-CD & 1 DVD success program for those who want to build wealth, desire victory and like to win. Its phenomenal. I personally enjoyed the cutting-edge business suggestions especially for wealth building. EDUCATIONAL
What I found exciting and highly educational was that the program delivers countless insider's secrets from preeminent American business professionals on wealth building. The program is world-class. I totally enjoyed it and greatly benefited from the many business suggestions. How To Build A Fortune is a laudable program with top notch business speakers on strategies to get rich. I found the business information the speakers discuss as

fascinating, useful and significant. All the speakers are remarkable people and some of the finest business professionals of their kind anywhere. You will find their business outlooks precious and valuable for your own business use. **OUTSTANDING** This program will inspire you, its highly informative and delivers candid business knowledge to the listener. It took tons of effort to produce this program, but the result is exceptional. Few people in the world will have the chance to listen to these predominant business professionals speak. I for one, am honored and truly enjoyed it. It will help you out - so check it out. **FIVE STARS** I rate the program exceptional. I completely enjoyed the business speakers, their suggestions and recommendations for wealth building.

The 2 audio CDs and the DVD are pretty much a waste of time. Is mostly a sales pitch to convince you to join Trump university. The CD ROM has some interesting ideas.

The only real value in this product is the E-book guide that comes with it which has real actionable information and ideas. The audio CD's are nothing but a sales pitch and hint at information given in other courses that was actually supposed to be in this course according to the back of the box.

How Ironical is that Trump University Logo on a build a fortune book by a grifter?

Self made???? He was NOT self made. He was given a fortune from his father, leveraged himself into an \$8.8 billion deficit and the government bailed him out!!!! He has filed bankruptcy like a "bazillion" times. SELF-MADE...HA!
