Inside Eritrea - A Volunteer In East Africa

Synopsis

The aim of this book is primarily to show a little of the daily lives of people living under a repressive, brutal regime and make that lifeless body being hauled out of the sea real - that was Rahwa, I taught her at Mai Nefhi High School. She was a good student.

Customer Reviews

I know the author and was one of his supporters during his time in Eritrea. This book brought back lots of memories of his exploits and experiences, both good and bad. The style of writing is unusual but typically Kevin and serves to get across the stories of the plight of some of the people he came across. Not always an easy read, but a compelling account.

What I find strange about this book, is the pictures on the cover which are definitely not from Eritrea. Although the book is titled 'Inside Eritrea,' all the pictures on the cover, which are 3 different frames of the same shot seem to have been taken in Addis Ababa. The blue and white minibus taxi in the background, the large billboard with the Ethiopian flag of green, yellow, and red stripes and the high-rise building under construction indicate that the picture is necessarily taken somewhere in

Ethiopia. This seems to be a misrepresentation.

Commendably entertaining and informative.
