Grade Level: Preschool - Kindergarten

Customer Reviews

Best Books of the Month for Kids, April 2012: The Pigeon is back (hooray!) and this time the drama centers on an adorable little duckling who gets a cookie just by asking--politely. Just by asking?! Politely reminds the duckling, but the Pigeon is already off on a hilarious rant about all the things he asks for--many of which readers of the earlier Pigeon books will remember--ending with the all-too-familiar refrain, "It's not fair." Author Mo Willems adds a new twist to this Pigeon story by juxtaposing Pigeon's familiar high volume theatrics with the calm simplicity of a soft-spoken duckling. As a parent, I appreciate the book's message about the power of politeness and the rewards of sharing (warning: cookies are involved), yet the story never loses the jovial, high-spirited quality that makes the Pigeon books so popular with kids and the adults who read to them. --Seira Wilson

Exclusive: The Pigeon: A Life in Pictures (Click on images to enlarge)

Back in 1993, I was cartooning for a magazine. Due to a lack of other material, we decided to make the December issue a sketchbook with just my cartoons. I have been producing small cartoon and story sketchbooks for clients and pals every year since then. In

1998, my sketchbook featured a new character, the Pigeon. Born in the margins of a 1997 notebook filled with potential picture book ideas, he was complaining that his ideas were better than mine. To mollify him, I put him in that year's sketchbook. The original sketchbook was much longer than the final published volume, but some of the lines were the same. In late 1999, an agent essentially agreed with the Pigeon and rejected my picture book ideas. She suggested I revisit my sketchbook with an eye to turning it into a picture book. My wife was working at a school library at the time and had read the sketchbook to her kids, who had enjoyed it. So I suppose it wasn't too crazy an idea. I started to revise the layout and work with color. At the end of 2001, after several dozen rejections because the book was "unusual," an editor decided that "unusual" was a good thing. Plus, it made her laugh. I began reworking and rewriting. The Pigeon was now starting to look more like his mature self. Don't Let the Pigeon Drive the Bus! was published in April 2003 and, to my surprise, proved to be popular quite quickly. Thankfully, that Pigeon doodle in the notebook back in 1997 was so insistent. He was right!

Pigeon is back, in all of his indignant, passive-aggressive glory, overwrought this time at one gross injustice: a cute little duckling is now on the scene and has been rewarded a cookie (with nuts) for doing nothing more than asking for it politely. Pigeon pulls out all of the usual pigeon stops • coy glances, cartwheels, and crocodile tears • in the hopes of securing a cookie for himself . . . and it works! The duckling shares. As with the other titles in the Pigeon series, simple pencil drawings on pale, blank backgrounds focus our attention on the characters' interactions. Willems has an extraordinary ability to convey immediate, deep characterization with a few deft strokes. He knows, too, how to spread the action across a picture book, carefully managing the panels and page turns to ramp up the drama. Fans will delight at another outing, and the protagonist's indelible pigeonality will welcome newcomers to the club. **HIGH-DEMAND BACKSTORY:** Pigeon is a beloved character, and his legions of fans will clamor for this, the seventh Pigeon book from hugely popular, award-winning Willems. *Preschool-Kindergarten.* --Thom Barthelmess

Can not say enough of how much we love these books! We received couple of the Pigeon series for our son's 3rd birthday from our friend who is a school counselor. She said the kids at her school loved these books and that it was really great for development. At first, I wasn't sure how I felt about the books as the characters (mainly Pigeon) flies off the handle and has quite the melt downs and tantrums (I was afraid my son would think it was funny and acceptable to behave this way too) but

soon I realized that wasn't the case. The characters have full and complex emotions such as frustration and sadness and that really connected with my son because he gets frustrated and sad too. My 3 year old son and I talked about why the character was angry, frustrated, and/or sad and now my son tells me when he feels angry, frustrated or sad. It really is great for child development! But that involves the parents talking about the book and why the characters are behaving the way they are. We will be continually adding the Pigeon series to our collection. I have NOT been given these books for free or at a discount. I offer you my 100% unbiased recommendation.

Mo Willems never ceases to get laughs out of the little ones. This Pigeon book has the duckling politely asking for a cookie and receiving it, while the pigeon acts like his typical self and goes on a little rant about it. The duckling proceeds to give the Pigeon his cookie and then goes away and asks for another cookie but this time with no nuts. It is entertaining and funny. My 3 year old daughter likes to reenact this book. It is one of our favorites in the Pigeon series.

We love reading this book to our son! Without fail, my son brings Mo Willem's book at least 3x a week! We have all his collection. It's fun and captures the attention of our toddler.

My daughter and I love Mo Willems and all the Pigeon books that he writes. I bought this for my daughter after we received the book, "Don't Let The Pigeon Drive the Bus", it's another hilarious, cute, and enjoyable book. This book teaches how to be polite and how to share. The hardcovers are always best because they stay in great condition. This book has met our expectations and at the moment we will continue to purchase more Pigeon books.

Love this story but unfortunately the book arrived with a tear in the spine of it. I highly recommend all of Mo Willems books. They are fun for the whole family. I'm disappointed the book arrived damaged as the packaging was fine.

My preschoolers love this book! The pigeon is so much fun :)

Kids love this book. I have 5 kids and even my "big kids" get a kick out of the pigeon books.

My three year old loves the Pigeon series. They are quite funny. A must read for young toddlers.
