Customer Reviews

Useful guide to help navigate Peru while I was there for 17 days. Highly recommend Alain Machaca Cruz as a guide from the book, he was fantastic!

A really handy guide. We like to travel and have found Lonely Planet guides very helpful. It's informative and well written. We also got it in book form as it's easier to haul out and use than expose your e-reader to the elements or prying eyes.

Looked like a perfect book. Great for the traveler. But my son was going on s mission trips a medical staff. It's very informative for a reg traveler.

I brought the book on my travels to Peru. It was helpful but there are other books that provided more insight specific to the cities I was in.

I highly recommend all the Lonely Planet travel guides. They are down to earth and are written by people who have been to the places many times.

I love this book. I bought it to plan a birthday trip to Peru. We eventually canceled the trip but I loved reading through it regardless. It is very thorough and EXTREMELY helpful.

Lonely Planet tends to be my default go-to travel guide. This one was a useful guide for Peru, though I did have friends in Peru that helped me get survive the Spanish. The guide was fun for looking up places to eat. Though gotta admit that the kindle version was difficult to navigate.
