George Cuhaj is an experienced and accomplished numismatist and researcher. An avid collector with a passion for this hobby, he is closely aligned with leaders in the field. A past president of the American Medalic Sculpture Association, he is a frequent instructor at the American Numismatic Association's Summer Seminars. George is also editor for The Standard Catalog of World Paper Money series. William Brandimore, Wausau, WI, has been collecting coins and paper money since childhood. A penchant for coins turned to an interest in paper money in 1984 when he fell in love with large-size type and fractionals. He is a paper money pricing analyst for Krause Publications, drawing from his own activity in the market combined with the input of leading dealers and collectors nationwide.

Exceptionally good book. Complete and accurate of pretty much every note out there AND has photo examples of everything. Highly recommend!!

This book has more color pictures than any other that I have seen. Has good information and covers all U. S. Currency. I have been using this one for the last 8 years.

Another issue of repeating quality however would like to see a more comprehensive range of values for recent years small currency at least at the star note level. Would be nice to have a narrative discussion as to premium expected for consecutive notes..

Good book for what I paid.

A great reference book for the collector. This is a must if your interested in US paper money.

Important book on paper money.

new book great pictures everything I was looking for would buy from seller again

An essential book for anyone interested in US paper money.
