## Customer Reviews

I wish you had some kind of formula in here. That is the only thing that is missing. but over all it is

good

It took me about 1/2 hour to read this book, but I liked the author's earnestness in sharing his formula that won him a lot of money. I am doing what he suggests, have not won any money at all, yet, but will keep trying. When we win, I will be sure to send him a big thank you note and update this review.

I chose this book because of its name. I'm new to this lottery playing and before I started playing the game my gut feeling told me to do research first and when I read that in this book and others I have read so far, it made sense.
