Drawing Nature For The Absolute Beginner: A Clear & Easy Guide To Drawing Landscapes & Nature (Art For The Absolute Beginner)

Synopsis

Have you ever experienced the peace of walking through the woods or the excitement of a storm gathering on a beach? Artwork provides the ability for us to capture those moments and share them with others. Drawing Nature for the Absolute Beginner offers a great beginner's course on drawing nature. In their fun and friendly teaching style, Mark and Mary Willenbrink show you how to realistically capture the world around you. All you need to get started are some simple supplies, basic techniques, and inspiration. From field to forest, beach or mountain, begin with a structural sketch, apply values and textures, and, before you know it, you'll be drawing everything you see. You'll even learn how to render favorite wildlife such as chipmunks, deer and eagles! Follow along with easy step-by-step demonstrations to draw rocks, seashells, butterflies and even more developed nature scenes. Gain a working understanding of key concepts such as perspective, value and composition. Discover simple tools and tips you can use right away to improve your art. Your artistic journey can be as pleasant as your final destination with drawing instruction meant for everyone.

Wonderful book for beginning artists. Covers shapes of animals shading, shapes of trees. Rocks, waterfalls Turns what you might never attempt to draw into a easy task to accomplish

I have this book on my Kindle. It is such a good reference for me getting back to drawing after being away from it for many years. I bought this one and the other beginner's book. If you want to learn to draw, I highly recommend this. It is easy to read and do.

Step by step instructions are so easy to follow and great for a beginner like me! I have bought several books by these authors and have enjoyed the experience so far. Highly recommended.

I really like this book.... has a lot of good ideas and instructions ... A++

This book was written especially for me! I am having so much fun going through it and it makes me want to sketch more.

This book discusses drawing landscapes from life and how to use your hands and other tools to gain perspective in your drawings. It also talks about focus and balance. This book is going to be an essential in my collection.

NEVER DELIVERED

It is OK, I have gone thru half of it. As a beginner it does not have enough detailed information for me.
