"...an art lover's dream come true--a collection of nearly 2,000 images that includes every painting and fresco on display in the Uffizi, the Galleria Palatina of the Pitti Palace, the Accademia and the Duomo, and works from 28 additional museums and churches....It's fascinating to see these treasures of the Western world collected in one volume, with page after page of magnificence, including the works of Uccello, da Vinci, Correggio, Titian, Michelangelo and more. You won't have a better tour unless you visit the city itself--and even then, reading this book first would be worthwhile."

For 800 years Florence, Italy, has been a sacred city whose very walls breathe beauty. In vivid essays and more than 2,000 lush images, this glorious book covers the great collections of the Uffizi, the Pitti Palace, the Accademia and the Duomo, plus key works in

28 of the city's additional museums and churches. The lively text explains Florentine politics, patronage, street life, banking, international trade and the effect of its wars, plagues and religious squabbles. Fascinating." –[Star Tribune](#)

Beautiful book. Purchased as gift for children who have been to Florence. Made the mistake of having it shipped free to me. It is a heavy book and had to forward it flat rate to children.

I think this is the most incredible value I have ever received. I have been searching for a book like this for years. I am an avid lover of Italian Renaissance Paintings, Frescoes, and Art. This book is worth 4 times more than I paid for it. Gratefully, I found this book Which is so amazing and beautiful. I can tell it was put together by someone who also has a great passion for Italian art. I also have the *Louvre* and *The Vatican* by Anja Grebe, she and Ross King have done an amazing job with this book. This book also comes in a sturdy box with the same Botticelli Venus picture on it. If you love Italian Art, you should not be without this book.

I'm in the middle of reading this in preparation for my trip to Florence in January. I'm so excited and this book is really helping me get a handle on what I will be seeing. It's very heavy and large so I can't exactly read it in bed, but it's still great!

Omg this book is priceless!! I can't believe its sold for less than 40 dollars. The print is absolutely amazing and the packaging was perfect. The images and art are very vivid and the collection of paintings/frescoes is just the best. I am so glad I bought this. Best purchase ever!

Bought it as a display item for the coffee table. The case is too beautiful.

Gorgeous book. Encyclopedic and comprehensive. Can read it for hours or just marvel at the

epitome of western art.

Beauty in a book

What is there to say? This book is so lush and beautiful, I find it hard to describe it! I have been to Florence many times and want to return many times! This book capsizes so much of the breathtaking art work I have seen all over the city. One of my favorite places to visit was Fra Angelico's Convent, or, monastery, and, seeing the pictures from there, bring back that amazing place! Of course, that is only one memory this book brings back; it is filled with page after page of beyond elegant paintings. I received this book as a Christmas present, but, would purchase it myself had it not been a gift. For anyone who loves, enjoys, cherishes art work, rush to purchase this book. You will love it!
