History Of Zambia For Kids: A History Series - Children Explore Histories Of The World Edition

Synopsis

Let's go to Zambia, and learn from what their history would tell us. The good news is, you don't need a time machine to make that happen. Instead, you can simply open this book and learn. The use of pictures and select texts make this learning tool highly suitable for young learners. The easy layout will also ensure attentiveness from cover to cover. Grab a copy today!

> Kindle eBooks > Children's eBooks > Literature & Fiction > Historical Fiction > Africa #80

in Â Books > Teens > Historical Fiction > Africa

Customer Reviews

I've never left a negative review, but was very disappointed with this. The narrative is not at all enticing or relatable for children. Each page has one sentence about Zambian history, along with a loosely-related picture or photo- it doesn't even mention Zambian independence. There are even lots of grammatical and typing errors, resulting in a couple sentences I didn't understand, so I'm surprised this even went to print. There is also a lot of vocabulary that children wouldn't know, or learn from context. I hope somebody that understands children writes something more informative and accessible, and that it's edited by somebody who understands English language and grammar!
