Sons use this for piano lessons as requested by their teacher. Good variety of beginner songs.

This is a wonderful tool for beginners. The arrangement are simple, but when played with teacher duet parts, they sound amazing. A great way to prepare students to play with other instrumental parts!! Highly recommend

Another great augmentation to the Faber line of piano books. My piano kids love this book and we have added many of the songs to our rep.

I bought this book for a eight year old student who is also using the Alfred Level C lesson book & have found that these songs are easier than her normal lesson songs but it helps her be more

excited about practicing and gives her more encouragement because they can be played all the way through right away. I'd say it's a pretty standard 5-finger style book.

I'm a piano teacher and I continue to buy this book for my students. Its really great!

Bought this as a summer time supplement for my daughter to practice while on break. It has eleven songs that she is excited about learning to play. Some songs are easier and some songs are just a little less challenging than regular practice books which makes it ideal for summer. This Land is Your Land, ABC, Take Me Out to the Ball Game, Puff the Magic Dragon, Do-Re-Mi, Meet the Flintstones, Star Wars, and Supercalifragilisticexpialidocious are a few of the popular ones.

My pianist child loves this song book. It has many popular songs she knows and it's keeping her motivated to learn.

My students love the songs in them and would practice hard for them
