Symphony No. 2 In B Minor In Full Score

Synopsis

Borodin, a major Russian composer of the 19th century, is best known for his extremely popular Polovitsian Dances and his great opera Prince Igor. His Symphony No. 2, which he took seven years to complete, is among his most important orchestral works and is much studied as an example of Russian nationalist music of the Romantic period.

Customer Reviews

fine. my company need it , very good seller . As a professional chef i need and use top quality knives. I have a number of well known brands and most are high quality. This product, however, particularly because of the price, is as good or better than most all of them. I am buying now just to have at this price. Don't wait get it, or get two. as the price.

Unfortunately for us, Borodin wasn't a full time composer, but only one of the "might handful" was. However, he did leave us with this work, his 2nd Symphony in B Minor. If you enjoy the brass of Wagner, parts you'd swear were Mahler-esque, and Russian themes, you'll love this symphony. A recording of this that I'd recommend is the Deutsch Grammaphon's recording with Neeme Jarvi conducting.
