Nutrition And Diet Therapy (Nutrition & Diet Therapy)

Synopsis

NUTRITION AND DIET THERAPY, 9th Edition, is unique in its organization by diets rather than by organ systems or disease states and distinguishes itself through rich pedagogical features that require students to apply their knowledge as they learn it. This text provides core nutrition concepts and up-to-date clinical content at a level that is accessible to the range of health care team members who are responsible for a client's nutrition needs. NUTRITION AND DIET THERAPY provides the basic facts and a wealth of practical information readers need to assume their responsibility for nutrition care.

Perform better with MindTap.

The more time spent in

MindTap, the better the results.

Using MindTap throughout your course matters.

Students

using apps perform better on assignments.

Linda Kelly DeBruyne, MS, RD received her BS in 1980 and her MS in 1982 in nutrition and food science at Florida State University. She is a founding member of Nutrition and Health Associates, an information resource center in Tallahassee, Florida, where her specialty areas are life cycle nutrition and fitness. Her other publications include the textbooks NUTRITION FOR HEALTH AND HEALTH CARE, HEALTH: MAKING LIFE CHOICES, and the multimedia CD-ROM NUTRITION INTERACTIVE. She is a registered dietitian and maintains a professional membership in the Academy of Nutrition and Dietetics. Kathryn Pinna has taught nutrition, food science, and human biology courses in the San Francisco Bay Area for more than 25 years. Formerly an outpatient Registered Dietitian, Dr. Pinna is a member of both the American Society for Nutrition and the Academy of Nutrition and Dietetics. Her experience also includes work as an Internet consultant and freelance writer, which led to textbook publications such as Nutrition and Diet Therapy, and Nutrition for Health and Health Care. Dr. Pinna earned her MS and PhD in Nutrition from the University of California, Berkeley. Ellie Whitney, PhD grew up in New York City and received her B.A. and Ph.D.

degrees in English and biology at Radcliffe/Harvard University and Washington Universities, respectively. She has taught at both Florida State University and Florida A&M University, has written newspaper columns on environmental matters for the Tallahassee Democrat, and has authored almost a dozen college textbooks on nutrition, health, and related topics, many of which have been revised multiple times over the years. In addition to teaching and writing, she has spent the past three-plus decades exploring outdoor Florida and studying its ecology. Her latest book is Priceless Florida: The Natural Ecosystems (Pineapple Press, 2004).

Ok. So it's a textbook. Don't expect much more but at least the rental process through is super easy and the cheapest I have ever found. If you want to use a highlighter, get some that aren't the wet type so that the glossy pages won't reject it causing you to have to dab every swipe with a tissue...yes, that was me.

I loved this textbook. Very insightful

Very nice product, very swift delivery

Awesome!

Book as described!

Yes great book!

Excellent!

Good!
